#### **Patient Review 1:**

I've seen Dr. Doctor for a couple of root canals, a couple of crowns, and routine cleanings. The Front Desk personnel are friendly, professional, and very helpful. The hygienists are also very knowledgeable and efficient. The facilities are first class in every respect. Fees are, however,

higher than average.

Treatment Length with Dr. Doctor: 5 years.

#### **Patient Review 2:**

The whole office staff is AMAZING! Doc really makes you forget about your anxiety, too. Plasma TVs hang from the ceilings over the chairs. Distraction works!
